Our Care Workers

We believe it takes a certain type of person to be a great Carer.

During the recruitment process we would be looking for Carers that have a kind and compassionate nature coupled with a responsible and mature attitude.

We select our Care Workers very carefully. Their employment history is thoroughly checked and every person that we employ is required to have a full and satisfactory CRB (Criminal Records Bureau) disclosure. We also require a minimum of two references.

Training is of paramount importance to us to ensure that all our Care Workers have the necessary skills required to support you and your family.

As we directly employ all of our Care staff, we feel that it is our responsibility to ensure our Care Workers are kept up to date with any further training they may require.

If you would like a free no obligation home assessment of your needs then please call **01625 502171** to arrange a suitable appointment with our care assessor.
